Outro 302

A Manutti experience is a moment of joy and cosiness under the sky. Warmth and luxury for everyone, everywhere: from sunrise till sunset.

Step outside. Feel the warmth on your skin and enjoy the presence of your loved ones. At Manutti we believe in the beauty of outdoor spaces and their power to connect us. Our pieces are designed to inspire you to spend unforgettable moments outside with friends and family, at any time of the day, from dawn to dusk.

Manutti pieces are more than furniture. They are the canvas on which you'll create cosy and congenial moments. They are for everyone, every moment, and wherever in the world you may be. Whether you prefer relaxing besides the cool crisp water of your private pool, in the salty dunes near the shore, or want to bask in the serenity of nature or the vibrant atmosphere of the city: we've cultured four styles that will defy your expectations. Just sit back, relax, and get inspired.

The common themes in our designs: innovation, craftsmanship and an uncompromising eye for quality. That's why our exclusive pieces are true originals and destined to become icons. At the same time, we keep your everyday needs in mind. Each design is well-considered and consciously aligns with the practical aspects of life. We have added a graceful element of softness that will bring you into harmony with the present moment. A Manutti moment is designed to last a lifetime. Make sure you fill it with warmth, luxury and pleasure.

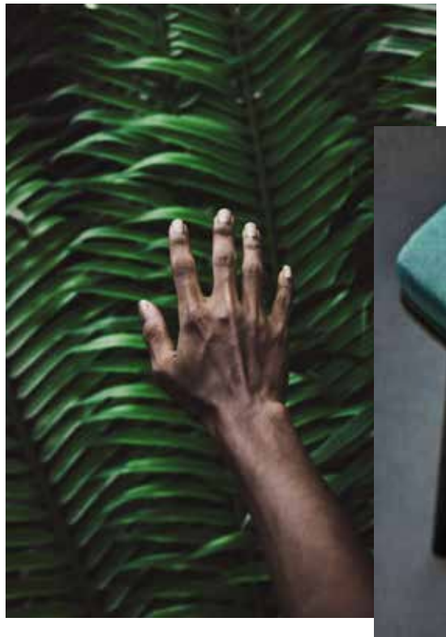
Moods

Tender Earth•

Our first style, tender earth, will set your spirits soaring. Enjoy the peacefulness of country life in cosy, rustic surroundings. Look around and find yourself in a world that's both dreamlike and authentic.

Stroll slowly between the olive trees in a beautiful, rolling landscape. Listen to the sounds of happily babbling brooks while the gentle scents of lavender and citrus fill the air. It's the perfect setting for a generous wine tasting after spending the day scouting the Mediterranean countryside.

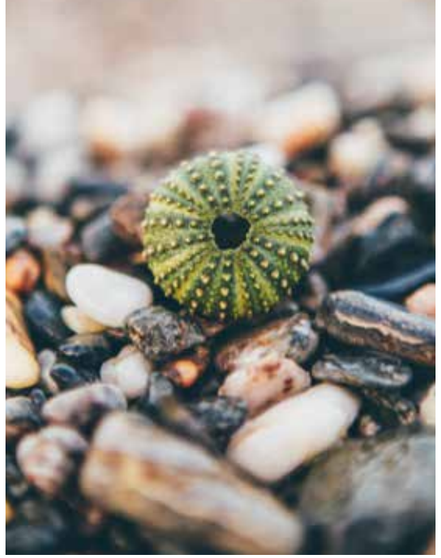
Tropical Concrete•



Tropical concrete, our second style, triggers vibrant emotion. Embrace the urban vibe: chill, comfy and vibrant. Explore the grandeur and excitement of city life, with its grand boulevards, open squares and dazzling architecture.

Discover the perfect mix of old and new. Amble past impressive art deco houses surrounded by large landscaped gardens or take a stroll in one of the many flower-filled city parks. Enjoy a day on the water or connect with the cultural offering in a city that never sleeps.

Salty Dunes•



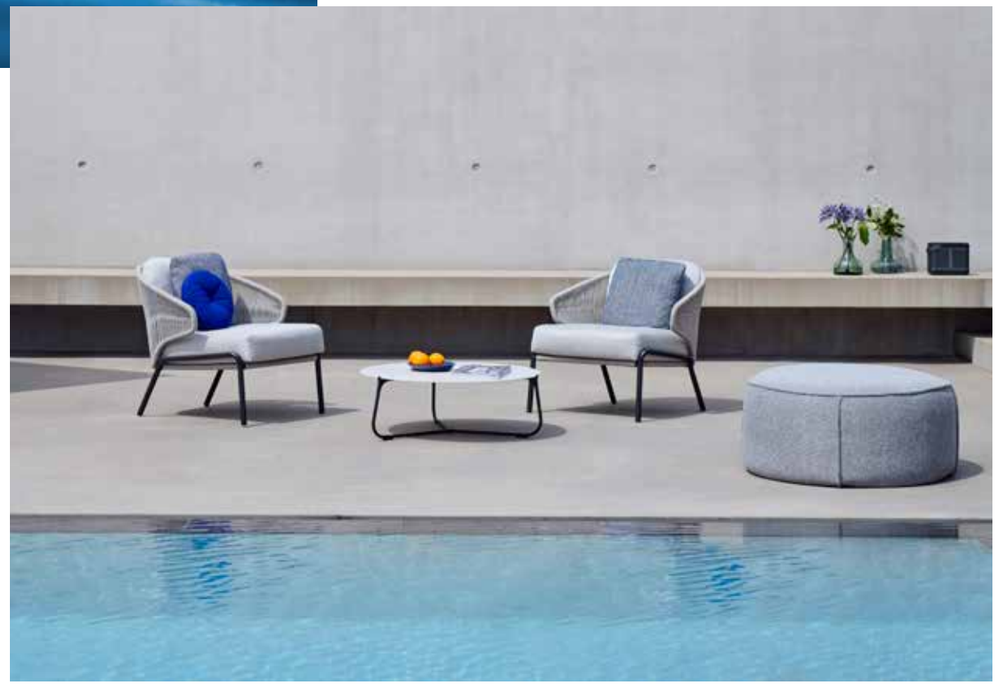
Let your mind wander with our third style, salty dunes. Picture the sand between your toes. You are relaxing at the seaside with only the sound of the waves to guide you. Doze off at sunset in the shade of the palm trees.

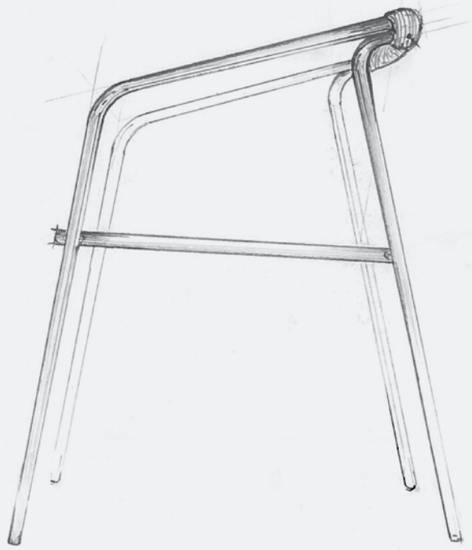
Immerse yourself in a feeling of simplicity and freedom while gazing over the ocean from your hammock. The wind has shaped the dunes into romantic waves, punctuated with jagged rocks, pearly white beach houses and wooden cabins. The air is filled with the tangy smell of marine salt and freshly caught fish.

Crisp Water•

Sink into the embrace of crisp water, our final style. Imagine yourself floating under a radiant sun, listening to the sounds of joyful summer tunes and splashing water by the poolside.

Clink your glasses of bubbling champagne and fruity lemonade together as you initiate your exhilarating pool party. Dive in! Inhale the fresh, intoxicating aromas of lime and oleander, the natural scents of summer, blended with the classic holiday smells of sunscreen and chlorinated water.





Designers

Stephane De Winter

Transcending beauty through artisanship

Designer of Torsa, Cascade, Zendo, Kobo and Radius

Good design goes hand in hand with usability and comfort. That is what inspires Manutti founder and head designer Stephane De Winter (1968). He created and guards the unique Manutti DNA: smart design, craftsmanship and a profound sense of quality. This is reflected in his Kobo, Radius and Zendo collections, featuring a mix of refined, classic designs with a contemporary twist. Always receptive to the customer's needs and in line with the latest trends, his team transcends itself to go beyond beauty.

Koen Van Extergem

Great in simplicity

Designer of Air, Duo & Flame

Through his elegant minimalistic style, Belgian designer Koen Van Extergem (1989) has brought a sense of purity and lightness to Manutti. He studied product development and furniture design and joined the Manutti design team in 2013. His sleek, clean-cut creations are at the heart of the Air, Flame & Duo collections: a new generation of durable outdoor solutions that are meticulously crafted, yet warm and full of character. In 2018, he was recognised with the Archiproducts Design Award for his Duo rocking chair.

Metrica Design Studio

International classics with an elegant twist

Designer of Flex

The Milanese design studio Metrica, headed by Lucio Quinzio Leonelli and Robin Rizzini, brings a touch of Italian flair to Manutti. Internationally acclaimed for its exclusive mixture of creation and technical management, the studio's designs are elegant and meticulously crafted. The collaboration with Manutti resulted in the Flex collection, a balancing act between traditional aesthetics and a unique, elegant shape.

Lionel Doyen

Beyond the aesthetics

Designer of Kumo, San & Solid

With a practical understanding of product usability and an eye for fine details, Lionel Doyen (1978) takes a slightly different approach to design and development. Specialised in service, product and industrial design, the French designer aims to create on a more personal and experimental level, always keeping the customer's experience in mind. His style can best be described as innovative and timeless, as he consistently looks beyond mere aesthetic appeal. He designed the Kumo, San & Solid collections for Manutti, blending design with everyday comfort. In 2013, he launched his own design studio.

Gerd Couckhuyt

Inspired by life

Designer of Elements, Mood, Loop & Moon Island

Inspired by the beauty of everyday life, Gerd Couckhuyt (1970) is an award-winning Belgian designer whose Manutti collections breathe subtlety, elegance and fun. The Mood collection comes with a touch of light and translucence. His vibrant style fits perfectly in the Loop & Moon Island collections, seamlessly combining pure lines with colourful designs. The enticing forms and alluring architecture of the Elements collection earned Manutti the ‘Red Dot Award for Product Design’.

Mads Odgård

Functional, celebrated design

Designer of Cross

Describing himself as a ‘less is more man’, celebrated designer Mads Odgård (1960) is all about simplicity. His minimalist style and practical approach have earned him international acclaim: he has won several prestigious awards, including the German Design Council Award and Red Dot Germany. He graduated from The Royal Danish Academy of Fine Arts, Denmark’s Design School and the Swiss Art Centre of Europe. Bringing more than 30 years of experience in his own design studio to the table, his designs are logical and joyful. His motto: ‘keep it simple and the earth liveable’. For Manutti, he created the functional and ageless Cross chair.

Bram Bollen

Master of simplicity

Designer of Liner

Starting his career as a freelance outdoor designer, Belgian designer Bram Bollen (1979) has developed a penchant for simplicity and a keen eye for detail over the years. With a degree in media and design and inspired by architectural lines and interior design, he creates contemporary, refreshing works. For Manutti, he designed the perennial Liner collection, which oozes both warmth and elegance.

Collections

Flex

Designed by Metrica

Flex unites a world of contrasts: limber yet strong, this collection features a light, elegant aluminum frame combined with the warmth of a handcrafted wood finish. The collection carefully balances old and new to give the pieces their defining characteristics. The unique shape of the oval legs turns the Flex sofa into a one-of-a-kind piece of furniture destined for long-lasting appreciation.

Solid

Designed by Lionel Doyen

Fashioned from natural teak and brushed teak nero, the Solid collection is both an invitation and a bold statement. The design of the chairs and stools perfectly balances technological innovation and authentic craftsmanship. Its graceful wooden frame and delicately crafted plush seating simultaneously suggest solidity and comfort – a sensation that is further amplified by its sensual shape, which molds to the body.

Torsa

Designed by Stephane De Winter

Torsa is the epitome of sophistication: slender and light. The sculpted wooden base is combined with a tabletop made of faux marble or monochrome ceramic. A relaxing coffee break, a festive banquet or jolly aperitif: Torsa turns any occasion into a moment to remember. Thanks to its understated size, Torsa is apt for small or large spaces and is multi-functional.

design
anthology

Kobo

Designed by Stephane De Winter

Timeless in style, Kobo is a marvel of technical complexity. Its secret? A structure made entirely of hand-woven rope around a welded aluminum frame. The curved lines of the armchair and full-length sofa are combined with deep, plush seating for an extreme comfort.

Radius

Designed by Stephane De Winter

The unique, airy design of the Radius collection is perfect for exquisite moments of warmth and closeness. Its wrap-around back and armrests, made entirely out of rope, blend seamlessly and give the piece a neomodern yet timeless look and feel. Keep it sober or opt for matching backrest cushions designed for optimal seating comfort for long get-togethers.

Minus

Designed by Stephane De Winter

With its slender design and muted, warm colours, the Minus table collection is your ideal match for a naturally intimate dining experience. Its minimal, sensual frame is sure to entice. Minus is a perfect fit with the Salty Dunes style.

Cascade

Designed by Stephane De Winter

By the poolside or on the terrace, the Cascade collection oozes style and comfort. Its spacious seating, finished with an intriguing mix of powder-coated aluminium and thick woven rope, make Cascade the ideal lounge solution to create lasting moments with family and friends.

Echo

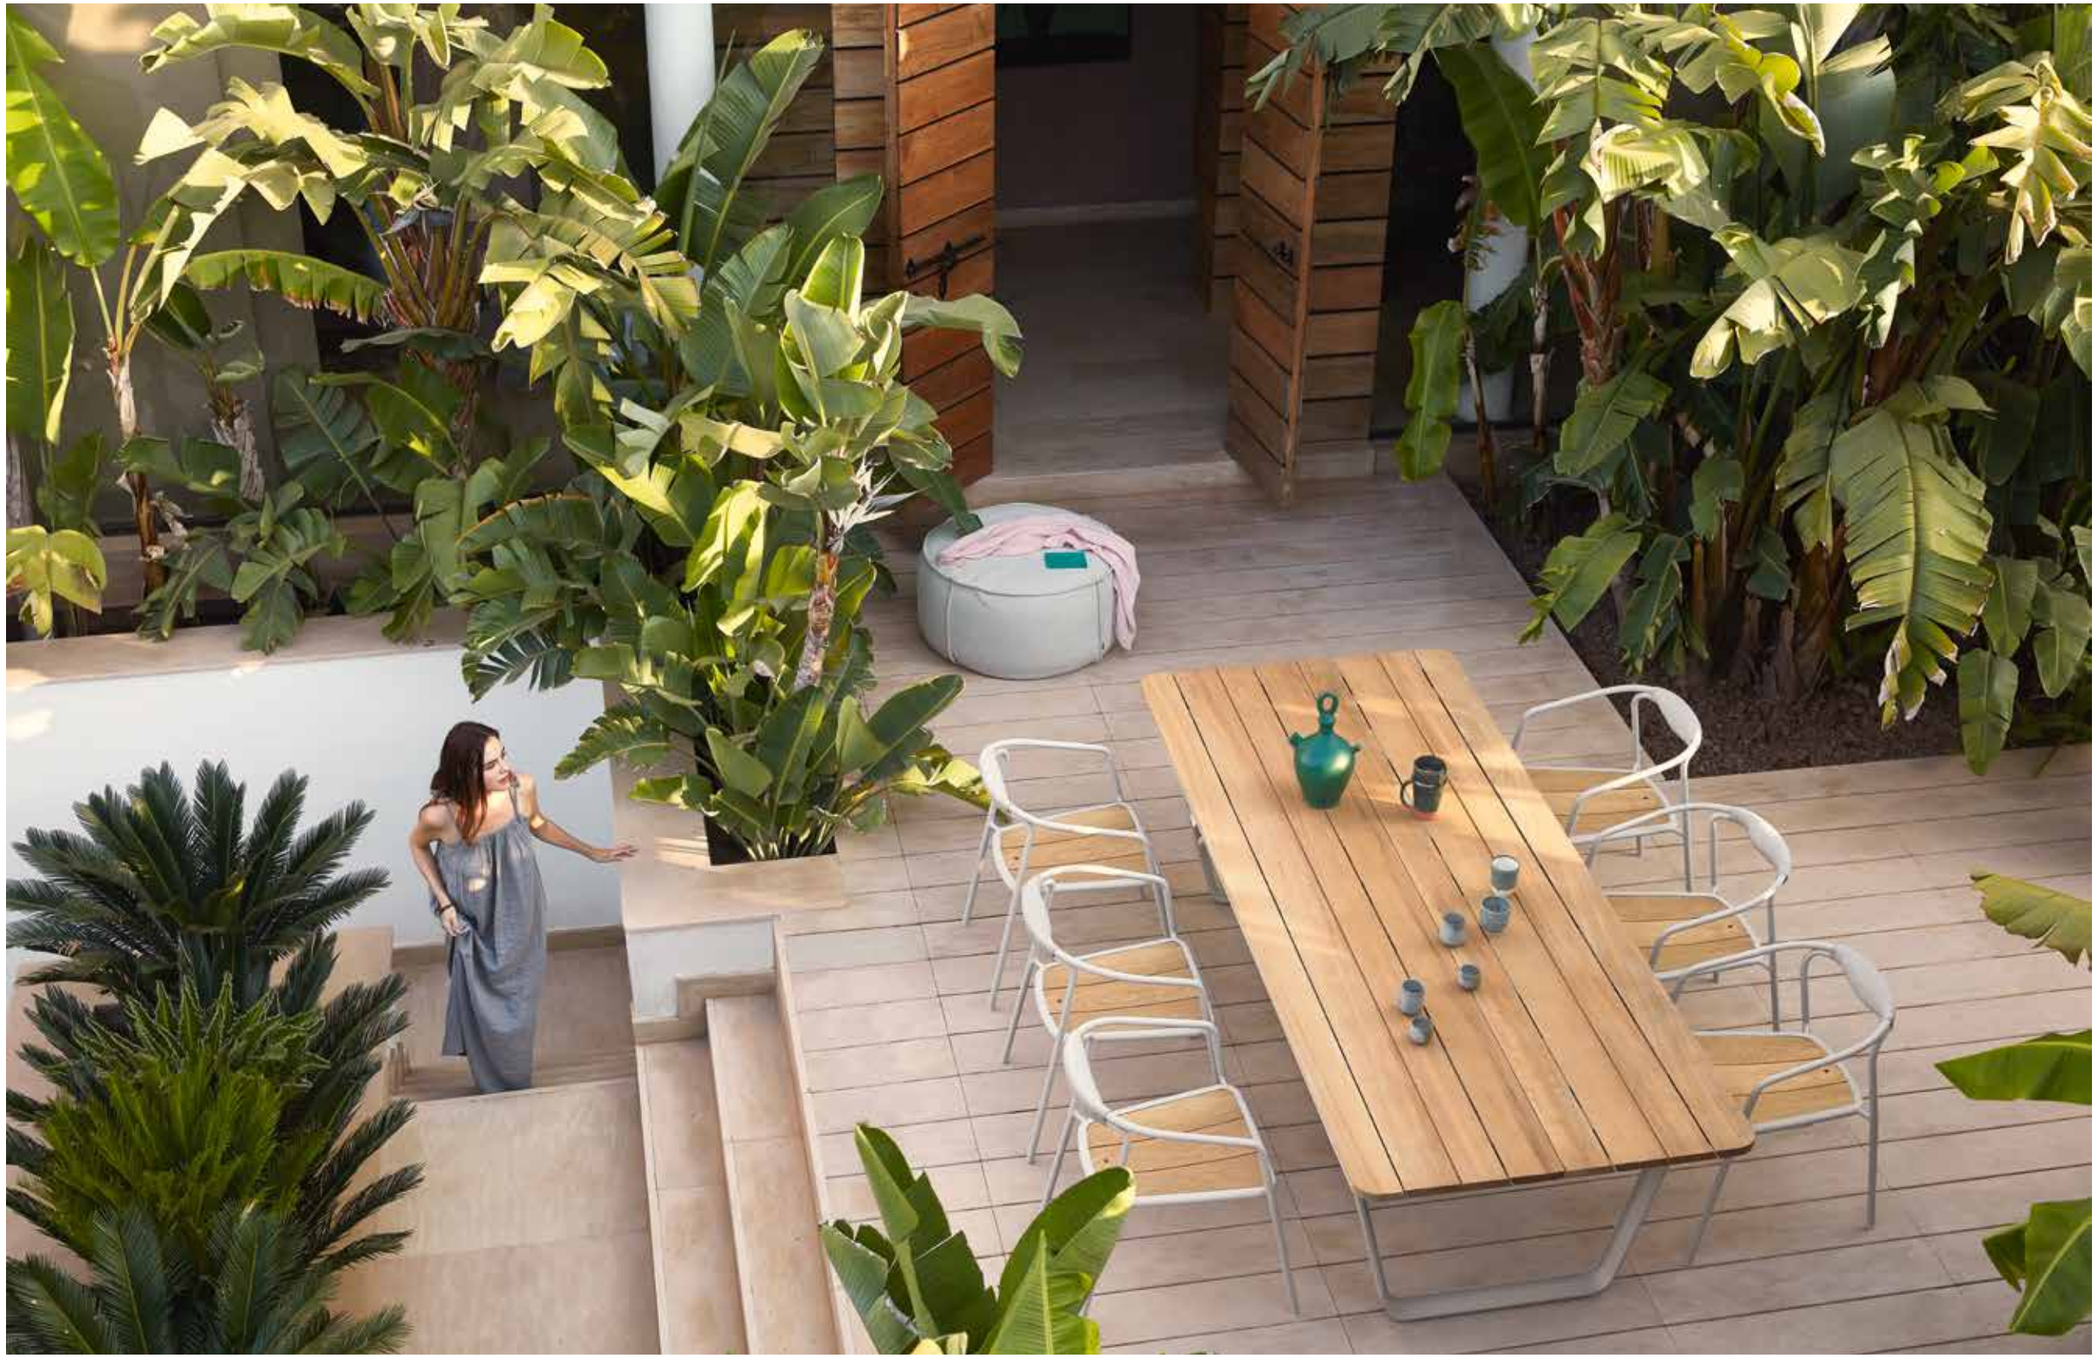
Designed by Stephane De Winter

The ultra-light Echo armchair is an elegant mix of contemporary design and a vintage twist. The chair comes with a high, curved, rectangular backrest and a firm but supple seat in a woven rope finish, for an unparalleled seating experience.

Duo°

Designed by Koen Van Extergem

In their durable yet airy design, the Duo chair and rocking chair radiate purity. Marked by the duality of traditional craftsmanship and meticulous metalwork, both chairs are beacons of transparency. Duo is composed of two connected frames made of bent steel, giving the impression of being held together by ropes. The Duo rocking chair is the winner of the 2018 Archiproducts Design Award in the ‘Outdoor’ category.



Prato

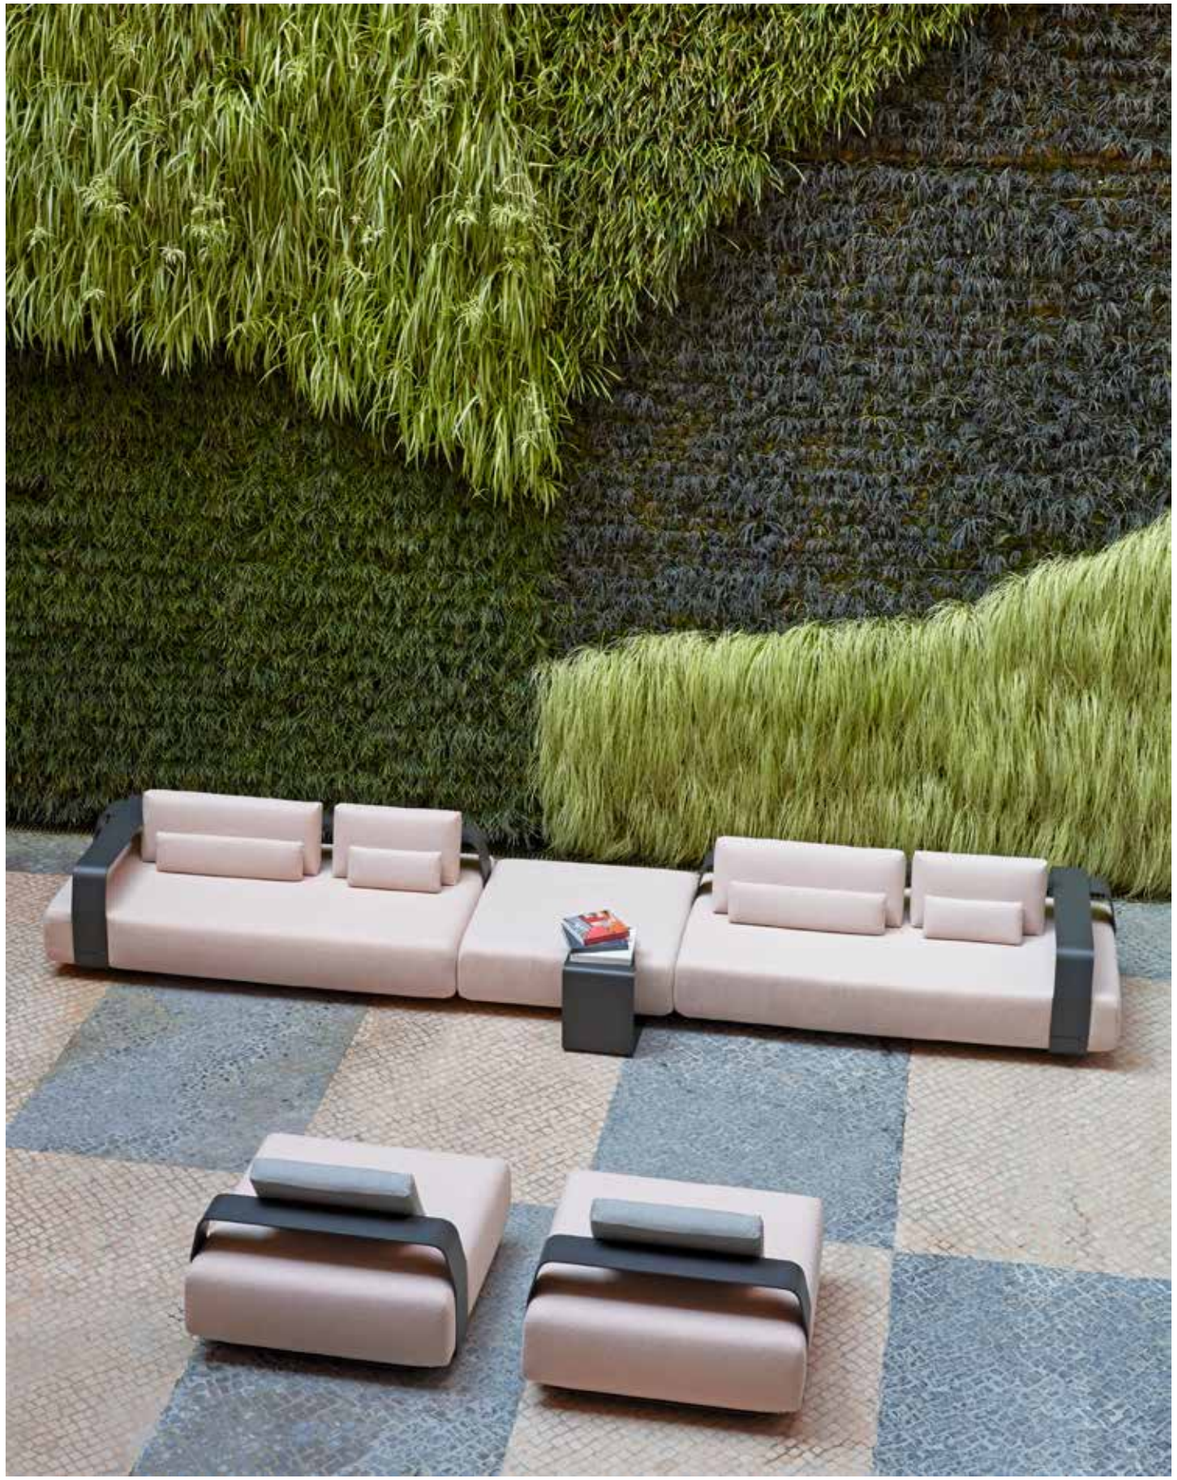
Designed by Stephane De Winter

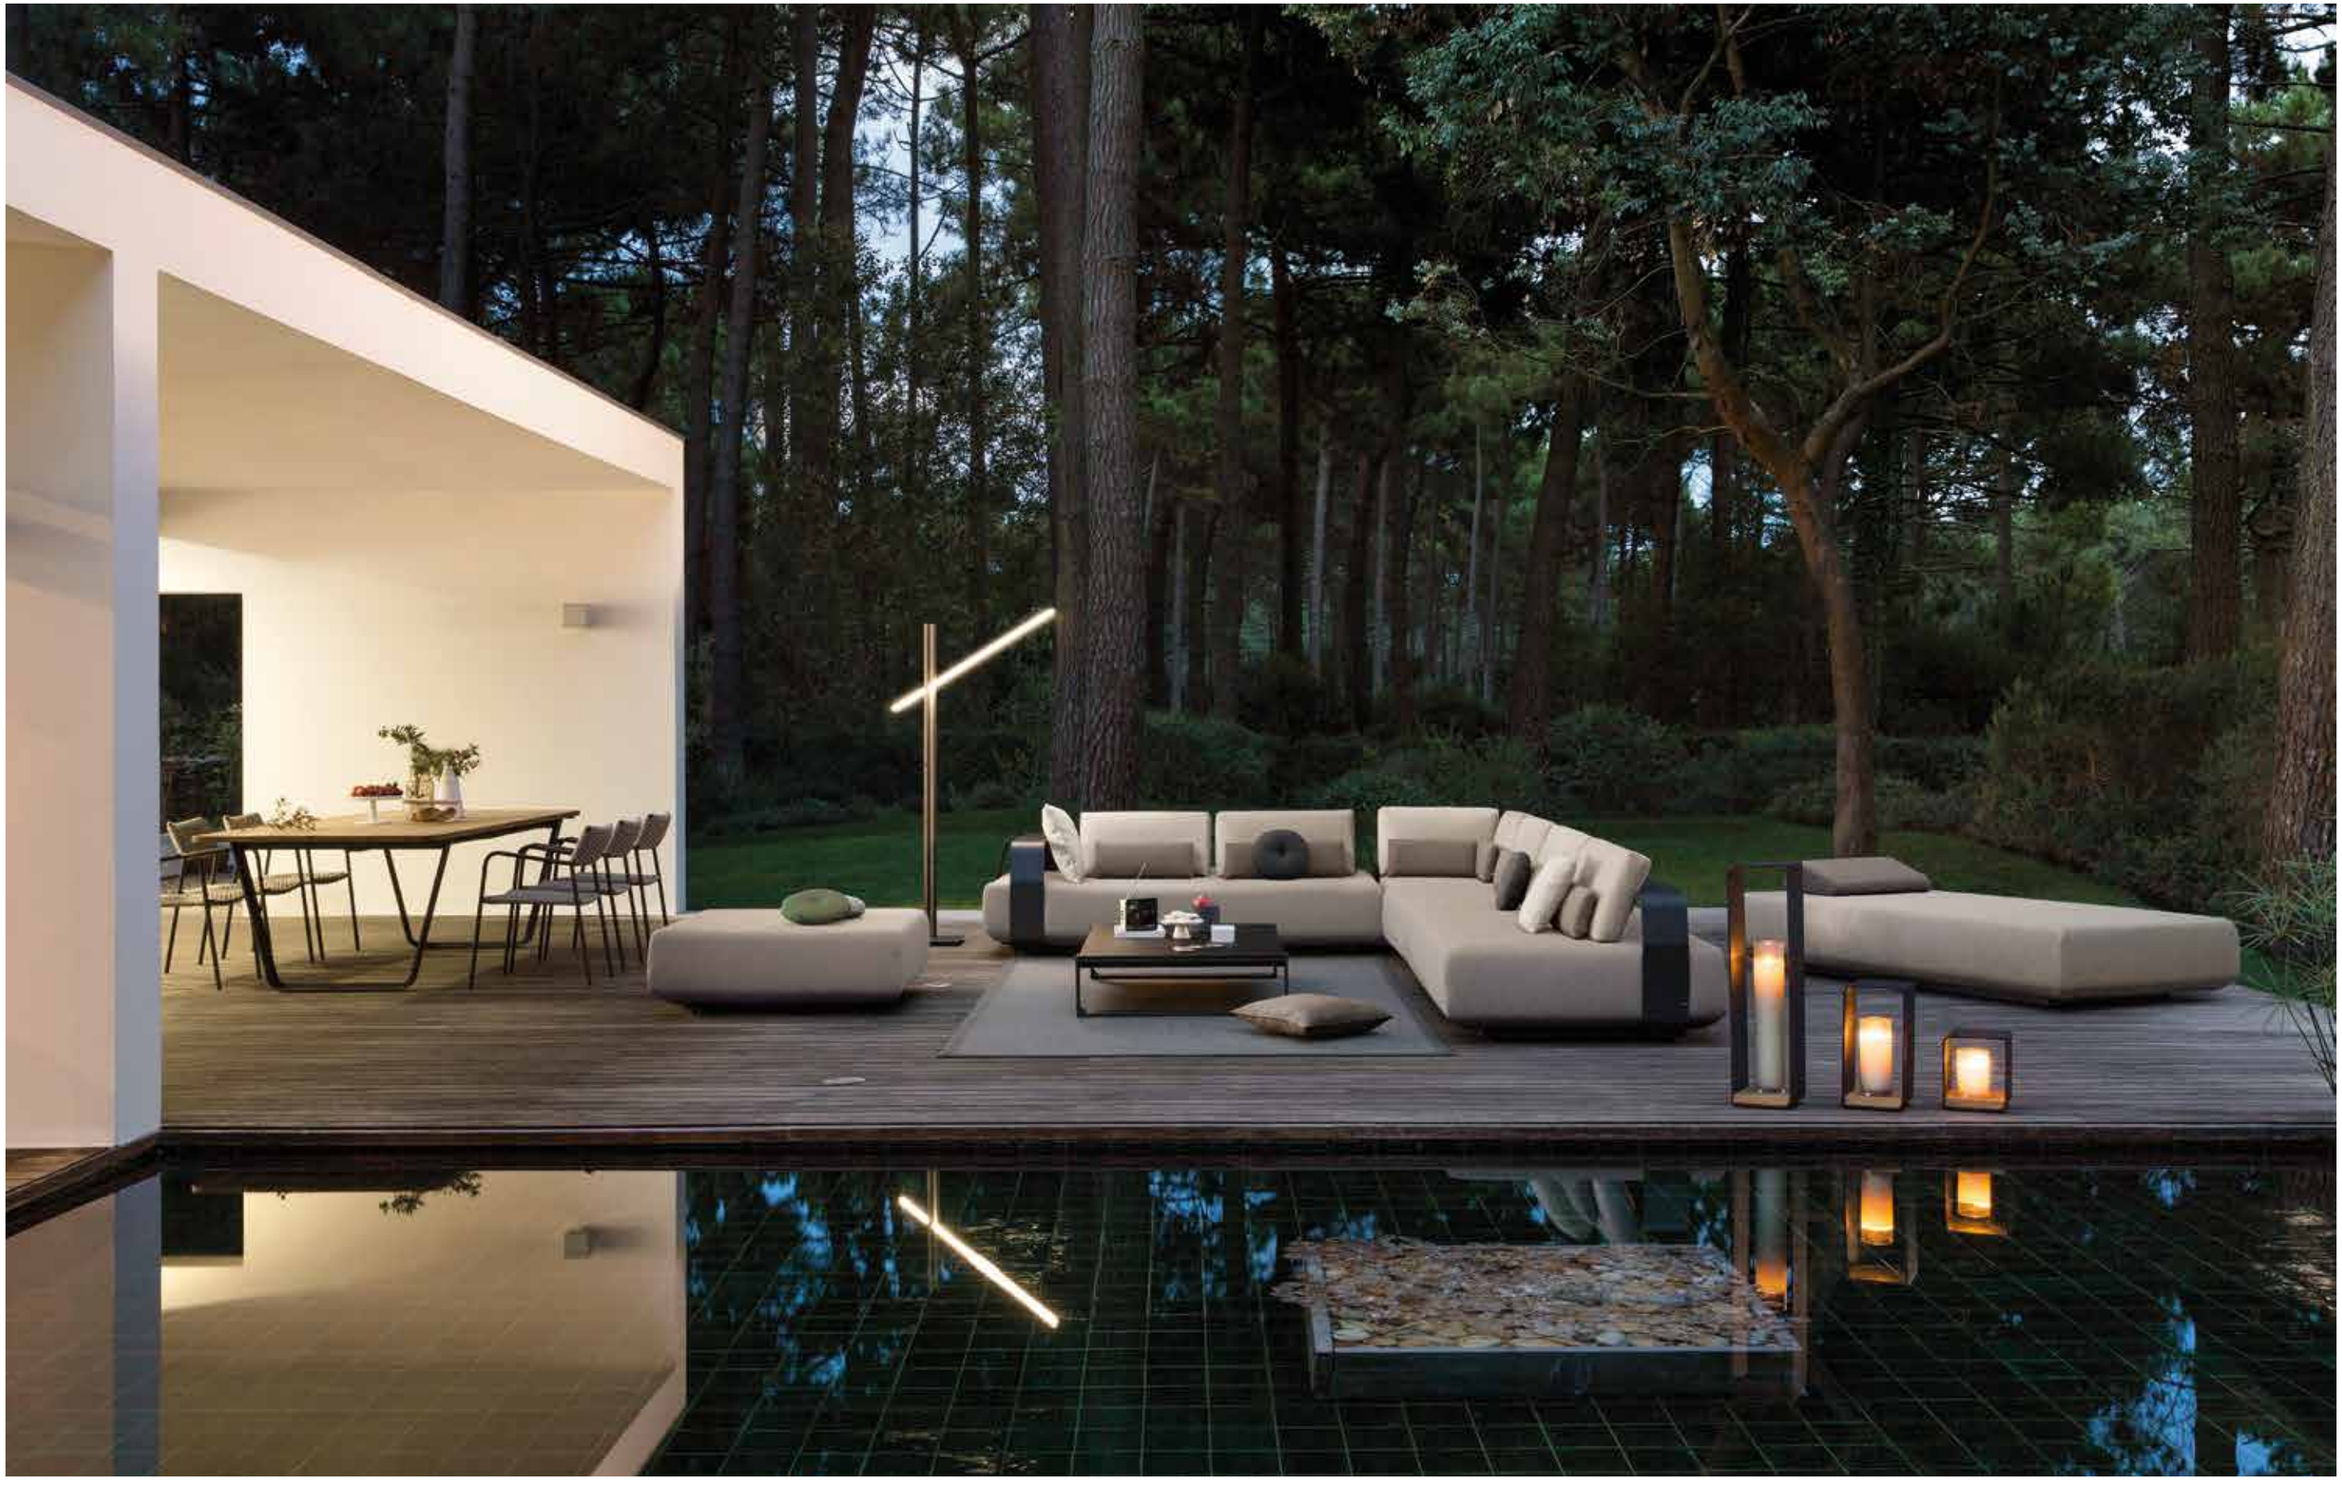
With its notable elegant profiles, the Prato table collection showcases timeless beauty. The sleek shapes of Prato pieces fit effortlessly into any outdoor setting. The collection features beautiful traditional dining and coffee tables in many different finishes.

Kumo

Designed by Lionel Doyen

Kumo is a light and playful contemporary seating island. Japanese for cloud, Kumo invites you to create your personalised outdoor cocoon. It comes in different shapes and sizes. The movable armrests and back supports are easily adjusted to create either a comfortable sofa or stylish lounger, a luxurious lounge chair or a relaxing footrest.





Elements

Designed by Gerd Couckhuyt

With its inviting form and fascinating design, the Elements seating island is a sight for sore eyes. This ultra-modular and movable seating concept allows for endless arrangement options, due to the changeable back positions. A slender strip of illuminating LED lights gives Elements a floating impression. Subdued colours are combined with the durability of Quaryl®, developed by Villeroy & Boch. Elements was awarded a Red Dot Award in 2014.

Air

Designed by Koen Van Extergem

Air is a modular outdoor seating and table collection in wood or aluminum. The sofa's large, voluptuous cushions give a distinctive exotic elegance to every exterior. Fit for any style, the Air table collection comes in a classic design that radiates charm and warmth. Air breathes a fresh breeze into every outdoor moment.

Zendo

Designed by Stephane De Winter

The Zendo lounge collection elevates relaxation to a whole new level. A spacious lounge or a comfy sofa corner? The classic design of the upholstery sofa concept matches any exterior space. Refinement and meticulous finishing, reflected in the subtle tone-on-tone stitching, is where this collection really shines. The choice of materials allows for durable, weatherproof pieces that still feature luxurious appeal. Experience pure delight as you catch up with friends and loved ones.

Liner

Designed by Bram Bollen

Thanks to its powder-coated aluminium frame, Liner is a winning lightweight. Whether placed on a terrace or in a lounge or spa, these highly functional chairs and loungers stand out because of their timeless design. The contemporary collection showcases the elegant muted colours of the fabrics with topstitching in matching shades. Liner pieces are available in several complementary designs.

Loop

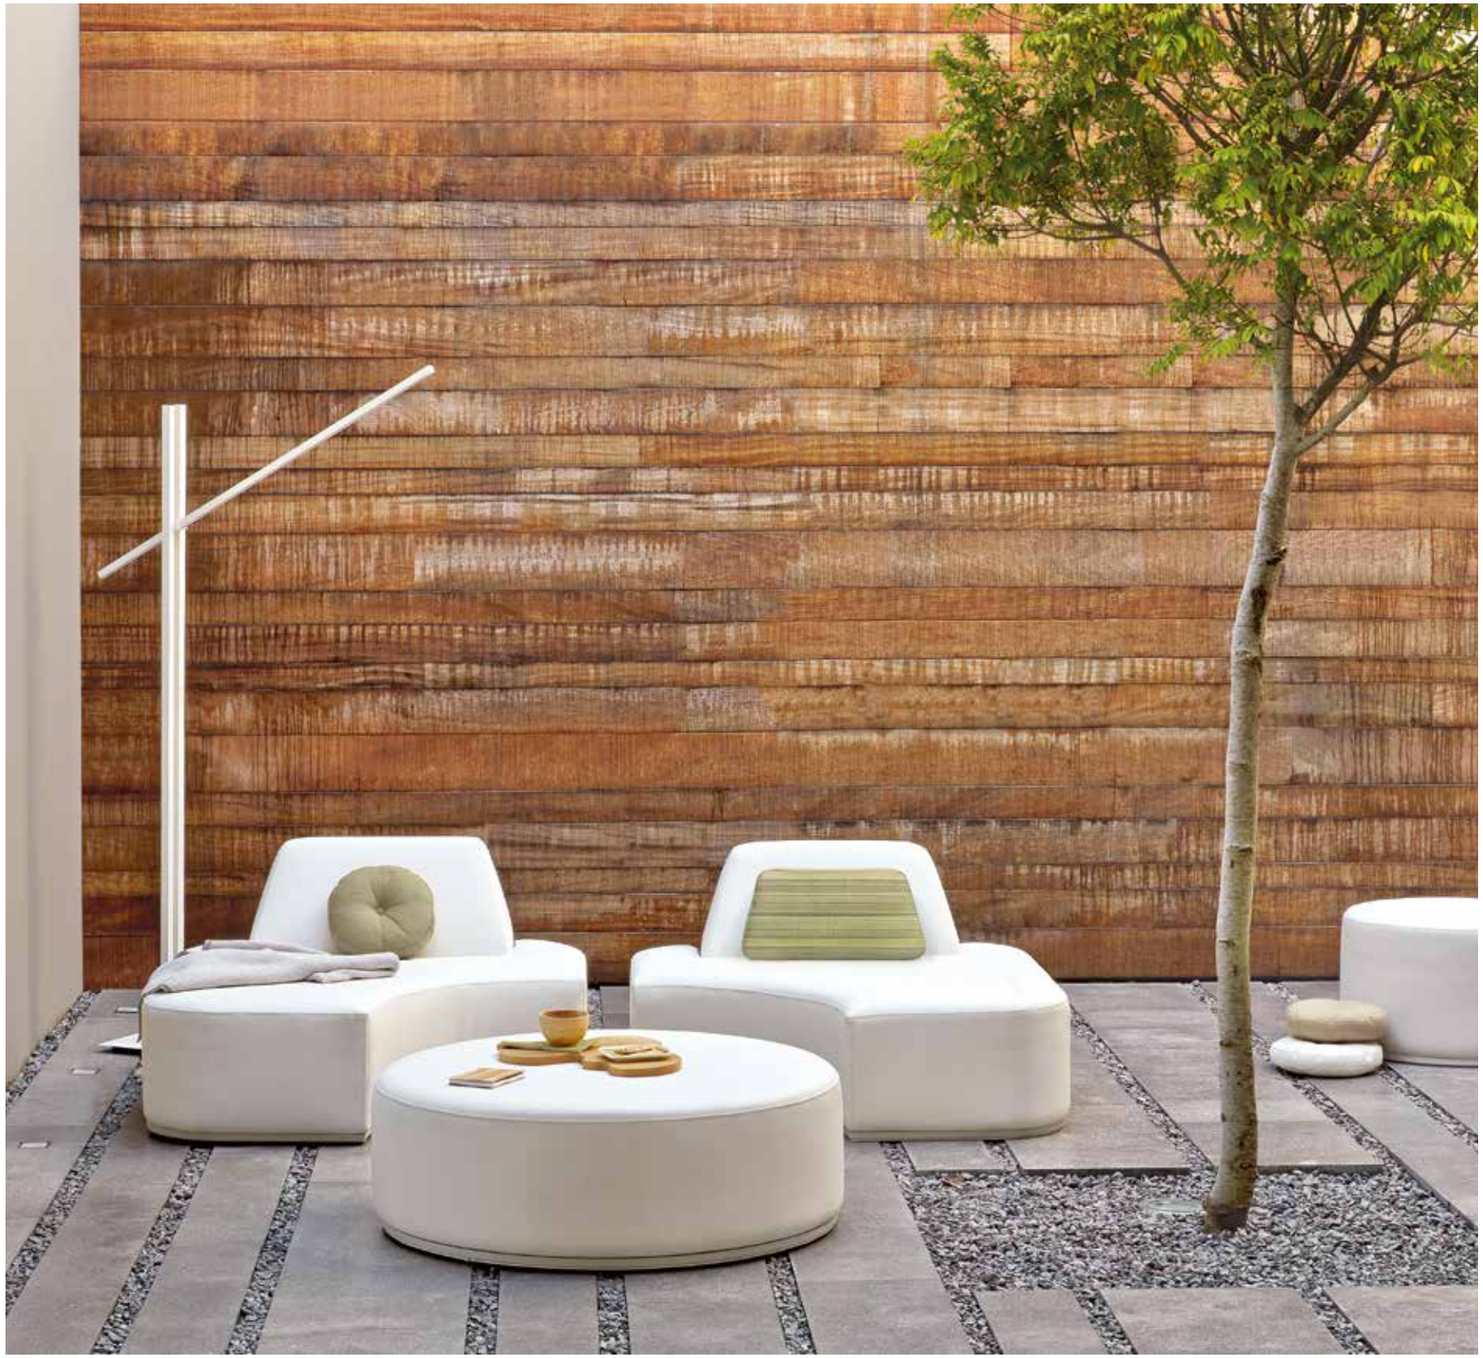
Designed by Gerd Couckhuyt

Flexibility at its best: outside or inside, with or without armrests. The Loop chair collection with powder-coated frames is both lively and elegant. The organic shapes of the collection constitute an expression of fantasy and beauty, ensuring a welcoming ambiance in any imaginable space.

Moon Island

Designed by Gerd Couckhuyt

Moon Island consists of four sofa islands that can be mixed and moved around a central coffee table or footrest. The minimalist design gives your imagination free rein: possibilities range from an intimate sofa corner to an accommodating lounge island. The Moon Island collection comes in a wide variety of fabrics and colours.



San

Designed by Lionel Doyen

The San collection draws from Japanese art as inspiration for its truly iconic design. Both timeless and contemporary, the minimalist frame has been meticulously refined to expose every detail. An artful blend of shapes and materials illustrates the ingenuity of this creation. The winner of the Interior Design's Best of Year Award in the category 'Furniture – Outdoor Seating', San is a perfect fit for any setting, exterior or interior.

Siena

Designed by Stephane De Winter

A stylish fusion of delightful architectural lines and the warm charm of resilient wood, that's how the Siena collection can best be described. The solid teak wooden frame braves any weather conditions, hot or cold, wet or dry. For a lounge experience beyond your wildest dreams, Siena is guaranteed to please. In the cooling shade or under a radiant sun, lie back and surrender to its sweet embrace.

Cross

Designed by Mads Odgård

Iconic and multidisciplinary, the director’s chair makes for a reliable friend in any home, a loyal companion on the beach or boat deck. Inspired by the classic filmset piece, the Cross chair owes its elegance to its inconspicuous, adaptable style. Wherever you are seated, whether on your home balcony or in the hot Kenyan savannah, Cross exudes a timeless presence.

River

Designed by Stephane De Winter

The River collection owes its name and inspiration to the meandering flow of a watercourse. Through its elegant curves and shapes, the sofas and sunbeds mimic natural surroundings, fostering a harmonious, relaxing space for connection. Become one with nature and experience its calming effects in this low-to-the-ground design with extra deep seating.

Mood

Designed by Gerd Couckhuyt

Mood is a lightweight and durable resin wicker chair. Designed with translucence in mind, the chairs are available as high or low units. This collection also includes side tables in different sizes and finishes.

San Diego

Designed by Stephane De Winter

The San Diego collection combines strong water-repellent fabrics and synthetic aged rattan cane work. The natural materials and tones add to its ageless appeal.

Malibu

Designed by Stephane De Winter

The exotic Malibu collection will be your favourite place to relax beneath the palm trees. Whether on the strand or the veranda, the graceful Malibu patio chair exudes sunny sophistication. Perfect to relax in with a delicious cup of tea.

Latona

Designed by Stephane De Winter

The sleek and slender lines of Latona complete any modern-day space, large or small. The collection oozes dignity through its cool materials, rigid contours and matching muted colour palette. With its intimate edging, the airy Latona look inspires ultimate serenity.

Fuse

Designed by Stephane De Winter

Clean-cut lines and a sophisticated appeal are at the heart of the Fuse seating and table collection. The pieces breathe a warm and classic ambience that aligns with any rustic environment. The minimalist and ultra-light design of the collection create a sense of pure delight.

Luna

Designed by Stephane De Winter

The stately extendable Luna table opens the door to endless combinations. Thanks to its clean lines, any seat combines with the modest design of this piece. Add a backlit LED base and treat your guests to an atmospheric vibe.

Trento

Designed by Stephane De Winter

The Trento table collection combines elegant design with unprecedented ease of use due to its built-in wheels. The seemingly floating tabletop gives every piece in the collection a modern, graceful look.

Quarto

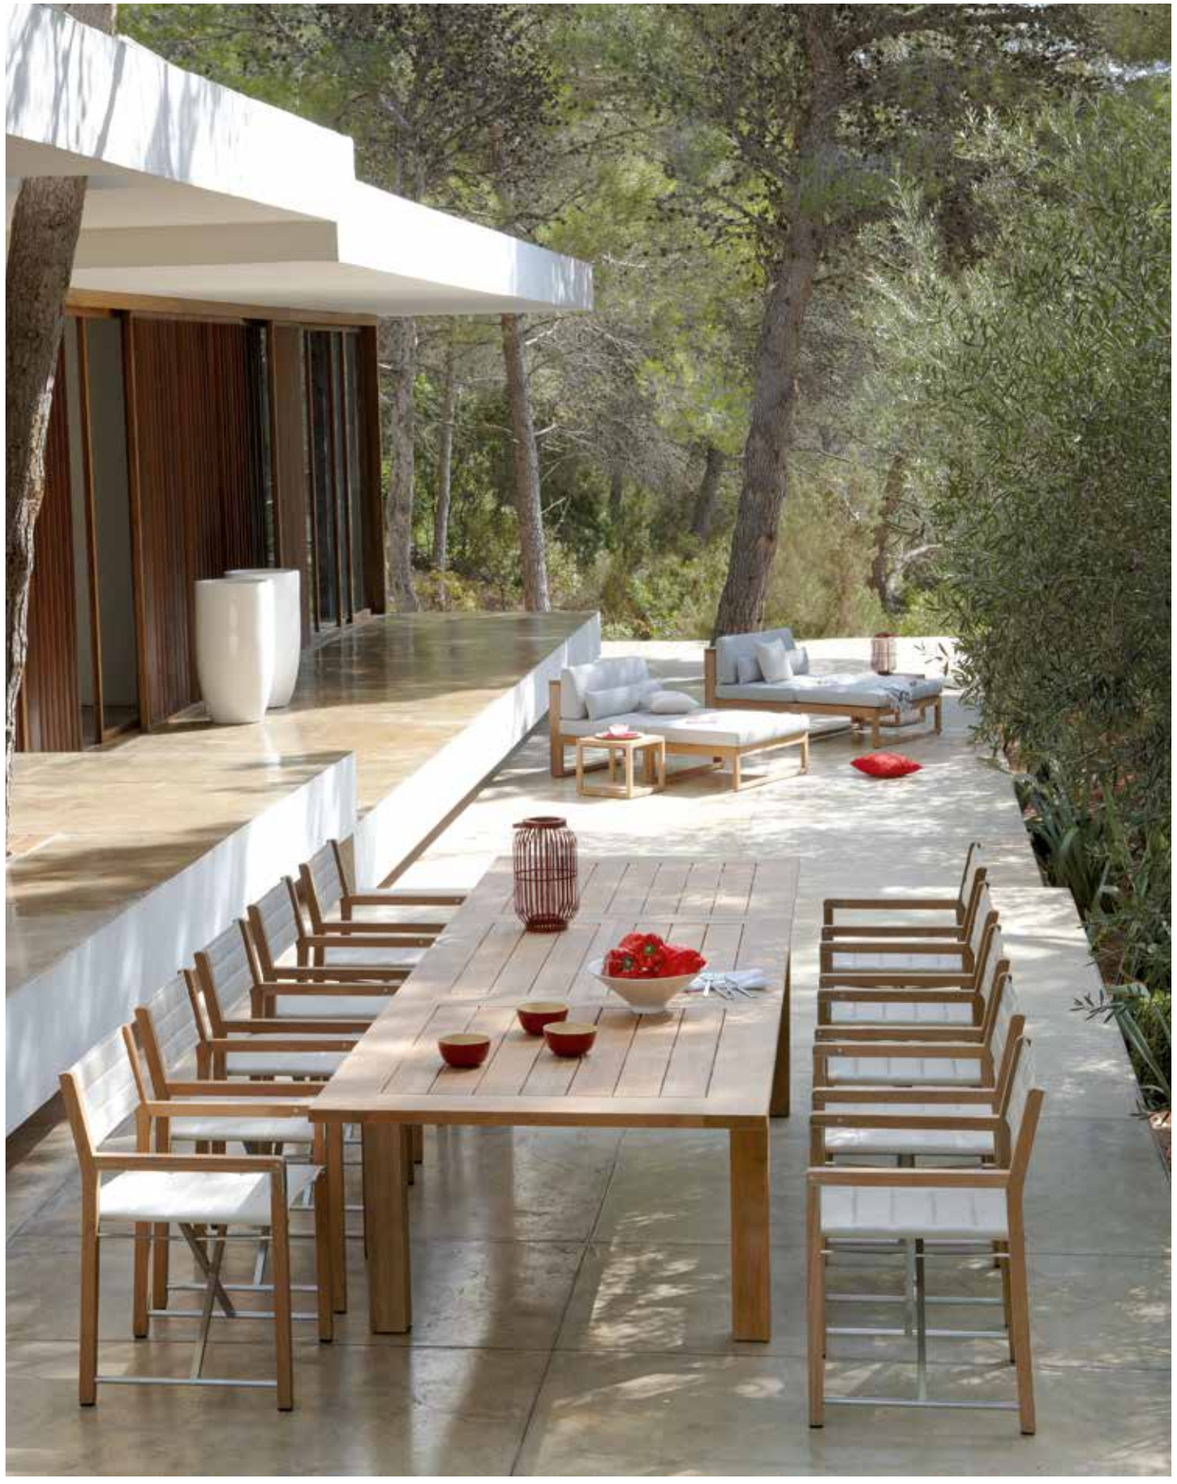
Designed by Stephane De Winter

Notable for its light design, Quarto tables draw strength from simplicity. This collection is fit for any setting and occasion, due to its understated style and variety of finishes.

Livorno

Designed by Stephane De Winter

A solid wooden frame makes for a natural, rustic look. The Livorno table collection offers a variety of dining, high dining and coffee tables and the ability to combine them with any chair you like.



Milano

Designed by Stephane De Winter

Sit at the drawing board and dream up your perfect outdoor table. We offer a collection of beautiful classic dining, high dining and coffee tables tailored to your wishes.

Napoli

Designed by Stephane De Winter

Set your imagination free and create an outdoor table that is completely you. We offer a collection of beautiful dining, high dining and coffee tables.

Craft & Technology

The luxury of craftsmanship

At Manutti, we believe that both innovation and artisanal skill are needed to design truly groundbreaking luxury outdoor furniture solutions. Our products harmoniously combine traditional craftsmanship with new technologies and are inspired by the warmth and colour of their natural surroundings. While each piece is distinctive, they all share timeless appeal that invites people to spend any time of the day outside in luxury, bathing in light and surrounded by an authentic ambience.

Connecting high-tech with tradition

Our experienced artisans manually refine and treat the carefully selected materials of our pieces using pioneering techniques. Carefully executed finishings give our black teak elements their eye-catching alternation between glossy and matte textures, and all rope seating elements are woven by hand. Thanks to our ceaseless attention to detail, each piece of furniture radiates just the right amount of elegance, drama and power.

A marvel of technical complexity

Each creation is tailored to the customer experience. Our thorough research, open mindedness and insatiable creative curiosity encourage us to constantly seek the latest developments in technology and design. Manutti is a frontrunner in the use of imitation leather upholstery and finishing with fine stitching in complementary colours. We collaborate with top external designers, craftspeople and suppliers who offer superior quality. This is how Manutti has made its mark as a true trendsetter known for shaping the market for exclusive outdoor furniture.

Materials & fabrics

Materials

Powder coated aluminium (PCA)

AF07 black
AF08 white
AF10 lava
AF11 shingle
AF13 flint

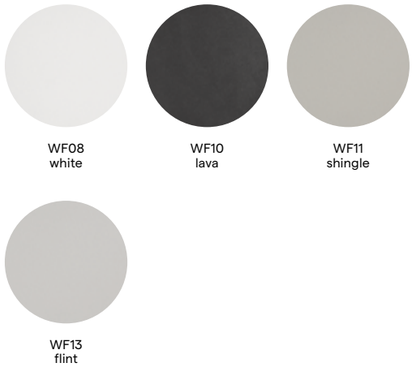
- Fluidised powder coating applied to the aluminium structure by electrostatic spray. For maximum solidity and resistance of the powder coating, the material is heated at a temperature between 160°C (320°F) and 210°C (410°F) (T° according to the type of powder)
- Easy to clean and maintain (for specific maintenance see p. 298)
- For outdoor and indoor use

Stainless steel (PCSTS)

SF08 white
SF10 lava
SF11 shingle
SF13 flint

- Electropolished stainless steel 316L and 304L. The treatment concentrates chrome, nickel and other materials of the steel into the surface improving the corrosion resistance and leaving it with a lasting bright finish.
- Technique used in the naval industry
- Recommended near the sea, a swimming pool, in very industrial areas, or near a railway
- For outdoor and indoor use

Wrought iron (PWI)



WF08 white
WF10 lava
WF11 shingle
WF13 flint

- Sanded solid forged iron, with anti-oxidation treatment (phosphatation) and heated at 180°C (356°F) min.
- 100% UV-resistant, does not discolour in the light and sun
- Swimming pool and sea water resistant and repellent
- Easy to clean and maintenance free
- For outdoor and indoor use
- Each item of furniture is assembled by hand
- 100% recyclable

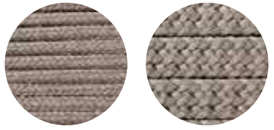
Quaryl® (quartz composite)

Q8 quaryl® (only Elements)

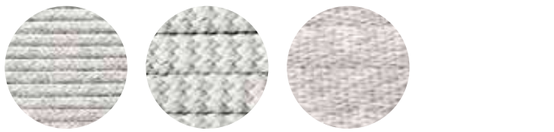
Villeroy & Boch 1748

- Blend of natural quartz and high-quality acrylic.
- Frost- and UV-resistant making the material highly suitable for outdoor use.
- Very impact-resistant, shockproof and scratch-resistant
- Smooth, non-porous and closed surfaces easy to clean and to maintain
- Extremely stable and durable
- Ecological and 100% recyclable

Rope (R)



1R01 bronze 4.5mm
2R01 bronze 11mm



1R02 silver 4.5mm
2R02 silver 11mm
3R02 silver 45mm

1R03 anthracite 4.5mm
2R03 anthracite 11mm
3R03 anthracite 45mm
4R04 anthracite 45mm

1R04 pepper 4.5mm
4R04 pepper 45mm

- Blend of Textilene® and polyolefin, UV-resistant
- Swimming pool and sea water resistant and repellent
- Easy to clean and maintain. For specific maintenance, woven & textiles cleaner (see p. 298)
- Each item of furniture is assembled by hand
- Recyclable, GreenGuard certified, REACH certified

The fibres

- A synthetic fibre (HDPE), high quality thermoplastic fibre
- Resistant to great variations in temperature, even extreme, from -25°C (-13°F) to + 70°C (158°F)
- Fibre dyed in the mass, UV-resistant, does not discolour in the light and sun
- Swimming pool and sea water resistant and repellent
- UV tested 3500 h of exposure DIN 53387 Xenon Arc radiation
- High stability with traction resistance >20 MPA (ISO527)
- Easy to clean and maintain, for specific maintenance, woven & textile cleaner (see p. 298)
- For outdoor and indoor use
- Each item of furniture is assembled by hand
- Toxin-free, ecological, 100% recyclable

Teak (T)

AT
aged teak

T
teak

TN
brushed teak nero

- Superior quality teak wood (VINIR & HARA) aged 60 to 80 years, sourced from ecological plantations
- Great stability under the effect of UV radiation, chlorine and sea water
- Easy to clean, various specific treatments possible (see p. 298)
- For outdoor and indoor use
- 100% recyclable

Iroko (IR)

IR
iroko

- Superior quality West African hardwood – durability classification 1
- Great stability under the effect of UV radiation, chlorine and seawater
- Easy to clean, standard pre-treated with wood protector water repellent (see p. 298)
- For outdoor and indoor use
- 100% recyclable

Trespa® (HPL)

1T90-2T90
white

1T92-2T92
black

Trespa® is a flat thermo hardening resin-based plate made by compressing wood fibers at high pressure and high temperature (HPL - High Pressure Laminate). A special surface made with the patented EBC technology ensures durability and scratch resistance. Manutti works with 10mm and 13 mm thick plates and comes in all decors with a black finished border.

Acid etched glass

1G70-2G70
white

1G71-2G71
taupe

1G72-2G72
black

1G73-2G73
sand

- Hardened glass, acid etched on the top, coloured on the bottom side.
  Specific gravity: 2.5 kg
- Colour fastness: differences in colour between different table tops can occur. These are caused by the different production batches in which they were made. A colour difference of delta E = 2, measured on the surface of the glass, is acceptable
- Tensile strength: intrinsic tensile strength 10,000 N/mm2
- Scratch resistance: no value available, but clearly sharp objects may cause scratches on the surface of the glass
- Thermal conductivity: 0.8 W/mK
- For outdoor and indoor use

Tempered glass

Glass

- Called tempered glass or safety glass
- Only obtainable in transparent or white toughened glass within the Manutti collection
- Hardened glass with a min. thickness of 6 to 8 mm depending on application
- Identical design to glass for car industry

Ceramics

The Manutti ceramic table tops are composed of sand, clay and natural stone formed into a layer which is heated at 1100°C. The 3 mm plates are cooled down and are glued together with a resin of polyurethane and fibre glass.

A few characteristics of ceramics are:
- Hygienic surface
- Colourproof
- Resistance to fire and high temperatures
- Impermeability
- Resistance to bending, scratching
- Resistance to wear and tear
- Resistance to chemical products
- Environment friendly
- For outdoor and indoor use

Belgian bluestone

Belgian bluestone or "Little Granite" is a limestone with a more or less pronounced natural blue/grey colour, which is characterized by the presence of a large number of fossilised crinoids. This type of bluestone is only quarried in Belgium.
- It develops a natural patina
  Use: outdoors, changes due to the action of rain and UV-rays to its original pale blue-grey colour
  Use: indoors in the course of time, it develops a deeper colour
- Bluestone is susceptible to products and scratches
- Belgian bluestone can often contain a number of white veins[1], black lines, spots and fossils[2]
- Depending on the finishing, the stone has a different look

[1] "White veins" are water veins, formed by water, 100% specific to bluestone and are not cracks as people often assume.

[2] Fossils and colour differences: stone is a natural material formed by different perfectly petrified fossils. So it is normal to find nests of crustaceans in the stone.

In other words, even in one sheet of stone clear differences in colour can be observed.

BLUESTONE text is based on a publication by the WTCB (Wetenschappelijk en Technisch Centrum voor het Bouwbedrijf - Building Industry Scientific and Technical Centre)

Fabrics

100% acrylic

Suggested colour combinations

Tender Earth

Sit back and relax in the comfort of your outdoor furniture, which combines the natural strength of pepper and bronze ropes, teak and ceramics with warm, earthy tones that blend gently together. Teak and iroko coffee, dining and bar tables are luxuriously appointed: opt for a deep-brown Emperador marble with golden tones for majestic wining and dining or discover the history of a soft brown-grey Fossil ceramic. Trim your lush chairs, loungers and sofas with royal cushions that fuse solid fabrics with subtle structures and muted colours: terracotta, pale red, grey, beiges and brown. Add a touch of emerald green for a bolder look and feel.

Tropical concrete

Your urban outdoor furniture combines vigorous natural elements, such as rope, teak and ceramics, with relaxing cooler shades that symbolise the growing synergy between city and nature. Furniture finishing comes in lava, anthracite and brushed teak nero. Swanky sofas, loungers and lounge chairs are matched with cosy cushions in anthracite and blue toned greens. Mix it up with dramatic lighting and trendy rugs and add a touch of warm reddish-brown. Dining tables are topped with basalt black or marble black for a more luxurious look. Or, opt for bright lightness with Perla white ceramics. Feel nothing but majestic!

Suggested colour combinations

Salty dunes

Inspired by the ocean and the sand, swayed by supple rope, seaborne colours and weathered wood, your outdoor furniture is both modern and timeless. Mix and match a soft flint base with a natural teak tabletop, or spice things up with a sofa solution in pepper. Grey travertine ceramic with brown accents generates a ‘ton-sur-ton’ effect that blends perfectly with the natural surroundings, while concrete ceramic brings a more contemporary look to your outdoor experience. Recline on sectional sofas, loungers, lounge chairs and poufs, or maintain an elevated position on an elegant bar stool. Decorate your space with sophisticated cushions, rugs and accessories in playful colours. Choose from a palette of silver, white, soft green and yellow shades reminiscent of the dunes, the water and the sparkling sun.

Crisp water

Characterised by the fusion of robust materials with royal nautical colours, your poolside furniture is sure to inspire and catalyse. Finish off your white frame with silver ropes that match with minimalist surroundings and pearly white, concrete settings. Or, opt for the lava variant and anthracite ropes for a more sophisticated flair. Add a contrasting black teak nero tabletop or choose Carrara white marble for a more diffused effect. Stretch your legs over generous, luxurious poufs, or rest with cool glass in hand on a matching stool. Sofa and lounge chair cushions come in nautical, leather or white varieties. Complete your outdoor pool deck look with stylish accent lighting and blue-tinted accessories. Add a touch of yellow or orange for a more bold look.

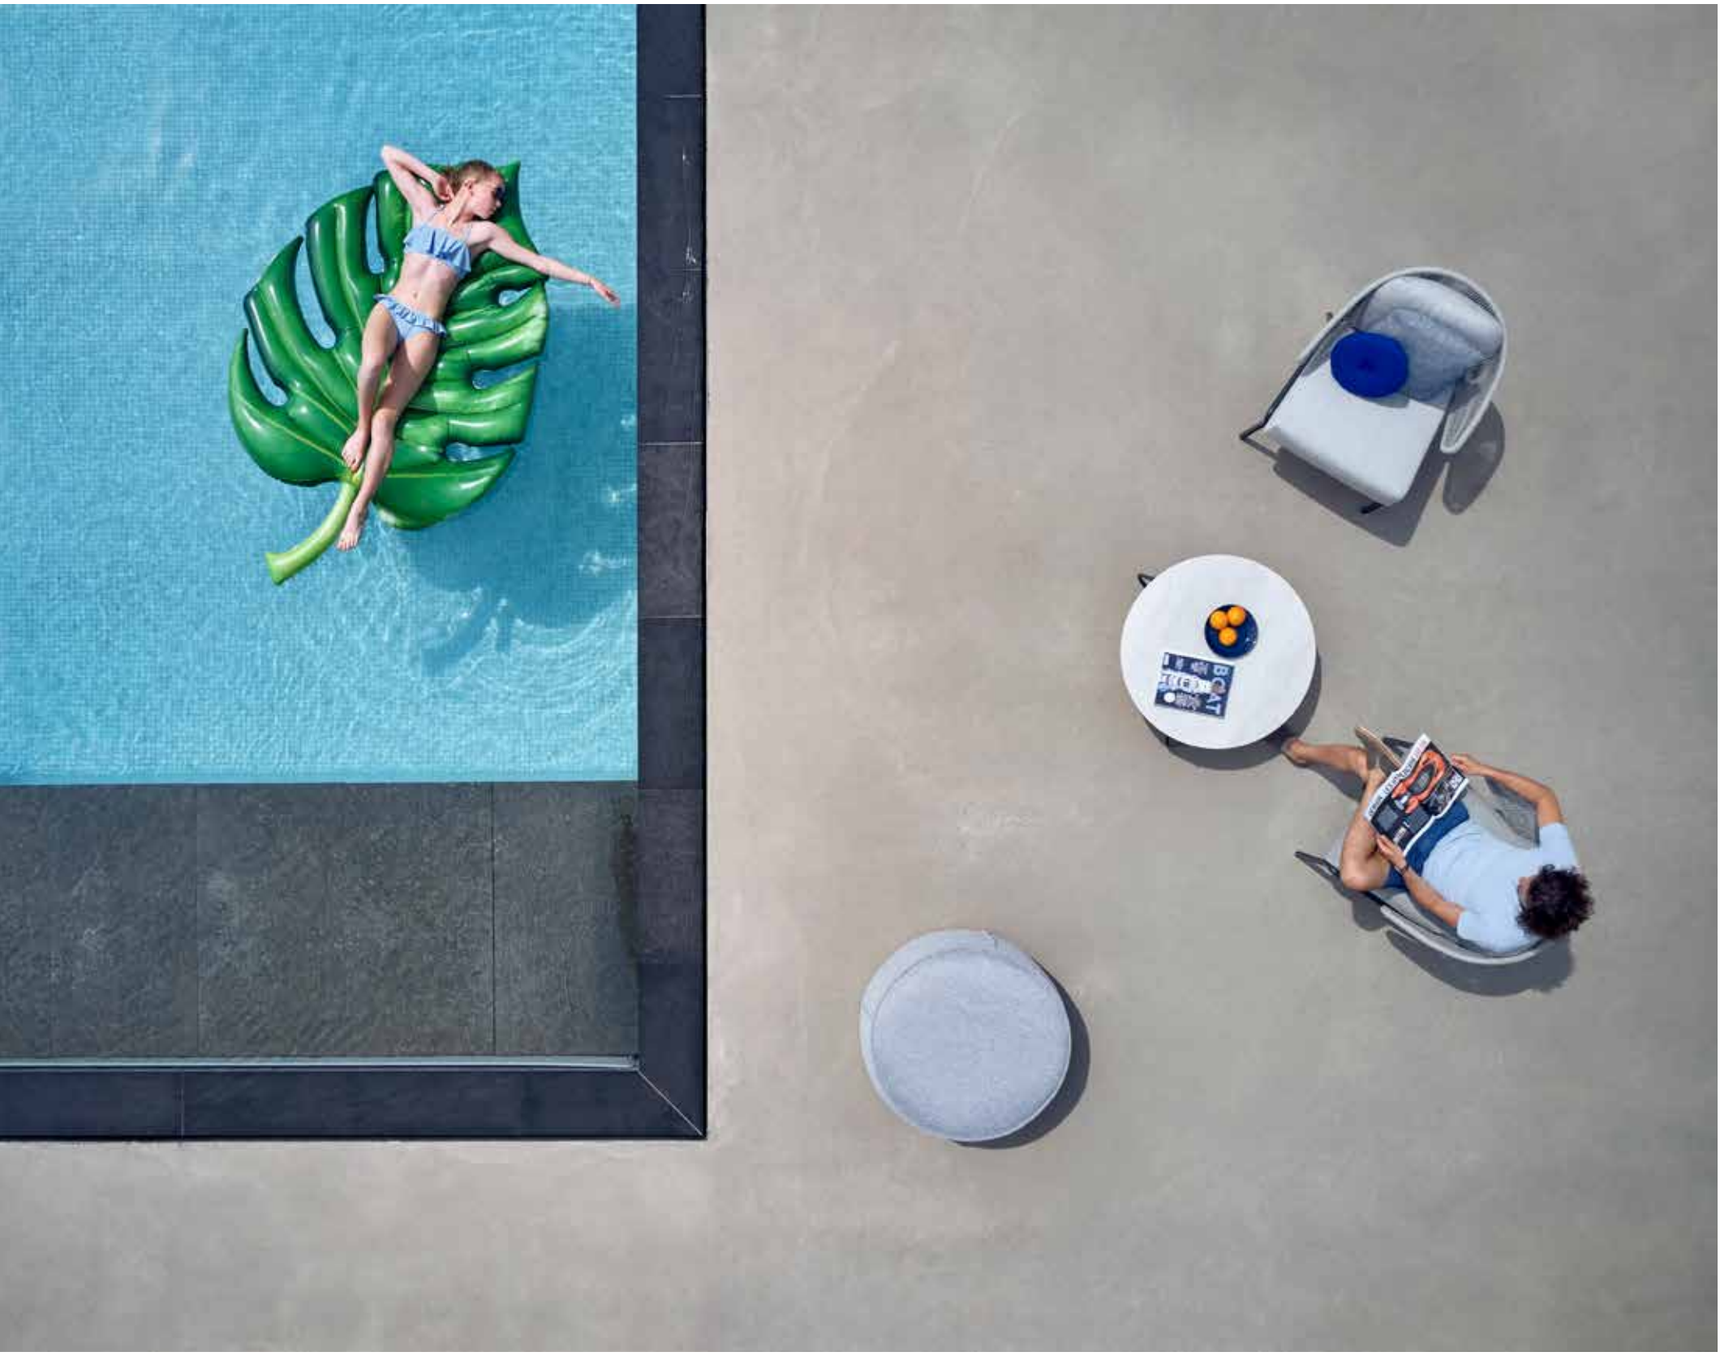
Protection & maintenance



A lifetime of carefree enjoyment

Each Manutti creation has been manufactured with close attention to the smallest detail. We carefully select the best raw materials and finishings for your outdoor furniture, enabling it to withstand the most capricious weather conditions. To maintain and protect your Manutti pieces, we’ve developed a series of products that will guarantee their extended lifespan and your carefree enjoyment for many years to come.

Protective covers

We offer an appropriate cover solution for almost every collection.

Whether you are looking for an easy way to protect your Manutti furniture from poor weather conditions or for an elegant off-season storage solution, our protective covers will do the trick.

Our soft covers offer the best stain- and water-repelling protection. With handy stay-on straps, our close-fitting covers ensure easy placement and maintenance. In addition, their antifungal properties will prevent the mold growth. However, Manutti does not recommend using protective covers for wood tops (aged teak, teak and iroko).

Polyurethane coated soft covers

- Welded, not stitched seams (no water infiltration possible)
- Mold and fungal resistant
- Breathable fabric

Furniture

A protective cover is made to fit each separate piece of furniture: it follows the lines of the design so that, even when covered, you still can see the beautiful shape of your Manutti furniture. The protective covers for stackable chairs and 1-seaters fit over 4 stacked pieces.
